Survey Says...

Now that the U.S. Environmental Protection Agency (EPA) has finalized its R-22 phaseout plan, announcing a large drop in 2015, do you think there will be an adequate supply next year?

Yes. We had plenty of R-22 in 2014 and that will carry over to 2015. **33%**

No. EPA's drastic cut in new R-22 for 2015 will lead to a shortage. **46%**

Not sure. **20%**

Results from poll conducted online at www.achrnews.com during the month of November 2014 with 201 total responses.
