CLIPLIGHT MANUFACTURING

Simplifying Refrigeration Leak Repair

3 TIPS

FOR THE SUCCESSFUL USE OF SUPER SEAL

1. **Choose the correct Super Seal** for the application.
2. **Establish the size of the leak.**
The system should not be leaking more than 14% of the total refrigerant charge over a 4 week period.
3. **Remove any refrigerant contaminants** such as moisture, acid or any non-condensable, prior to use of Super Seal.

FOR YOUR SERVICE VEHICLES

SUPER SEAL PREMIUM™ #946KIT

Automotive formula, now with 'Limited Warranty' and Click-Locks for greater protection and security.

FINDING LEAKS JUST GOT EASIER, MUCH EASIER

High powered LED lights detect leaks, even in broad daylight. Small, durable, and cool to the touch with solid state circuitry for extended battery life.

CLIPLIGHT 450 - LED LIGHT #450DCH

Outshines the Competition with the Brightness of a 100 Watt Halogen Bulb without the Heat. Great for Locating Leaks at a Distance

- Features Low Battery Indicator
- Cordless and Rechargeable
- Includes AC and DC Charger

VECTOR 7 - UV LED LIGHT #87DCH

Uniquely Engineered Vectoring Lens Focuses the 7 LED Beams into One Powerful UV Force

- Features Low Battery Indicator
- Cordless and Rechargeable
- Includes AC and DC Chargers.

VECTOR 4 - UV LED LIGHT #84DC

Uniquely Engineered Vectoring Lens Focuses the 4 LED Beams into One Powerful UV Force

- Includes 9 V. Battery
- Wrist Strap
- Low Battery Indicator and Intermittent On/Off Switch.

REVOLVER™ 25 SHOT DYE INJECTOR with NEW Swivel Hose #9225KIT

Uses Highly Concentrated, Solvent Free, Universal Dye. The Solution For Finding Intermittent Leakage. Works Hand In Hand With Electronic Detectors As An Accurate Visual To Confirm Point Of Leakage. Includes Fittings, Service Stickers and Absorbent Drip Guards.

ALL-IN-ONE LEAK DETECTION KITS Include Light, Revolver™ Dye Injector with 25 or 50 Dye Applications, UV Glasses, Service Stickers, Complimentary Dye Cleaner and Absorbent Drip Guards
