## COMPANY OVERVIEW

Elevated Solutions Team is a certified Minority Business Enterprise (MBE) specializing in top-tier HVAC services. Our team of accredited professionals and strategic partnerships with Texas Hub companies offer comprehensive and diversified solutions to meet client needs. With a proven commercial sector track record and extensive corporate America experience, our collaboration with prestigious organizations like the Air Conditioning Contractors of America (ACCA) and the Regional Hispanic Contractors Association (RHCA) has prepared us for success within the government and commercial contracting arena.

## Past Performance

### Client #1

- Implemented targeted interventions to repair and enhance the performance of screw compressor chillers, thereby significantly extending their service life and optimizing energy efficiency.
- Spearheaded a comprehensive retrofit upgrade initiative for the building's HVAC system, yielding a remarkable 20% reduction in annual operational costs.

### Client #2

- Proficiently installed a wide range of split- systems, VRF, Roof Top Units, and Two Pipe Air Handler Units in strict accordance with Ashrae and AHRI Installation Guidelines.
- Conducted system retrofits to generate valuable research and development data aimed at improving the energy efficiency of HVAC equipment product lines.

### Client #3

- Proficiently installed a wide range of split- systems, VRF, Roof Top Units, and Two Pipe Air Handler Units in strict accordance with Ashrae and AHRI Installation Guidelines.

## CORE COMPETENCIES

- Air and Water-Cooled packaged system installation
- HVACR preventive maintenance and inspections
- Piping and refrigeration leak repairs
- Computer room air conditioning maintenance and repairs
- Duct Work Modification
- Split system AC Installation
- VRV/VRF installation and repairs
- Walk-in freezer equipment repairs
- TDLR HVAC Contractor License: **TACLA124593C**

## DIFFERENTIATORS

- Over a Decade of Industry Leadership, we consistently prioritize reliability and uncompromising service quality.
- Certified Project Management Professional (PMP)
- Our team comprises exceptional HVAC managers and technicians who provide top-tier, transparent, and invaluable service.
