

100% Designed, Engineered, Manufactured  
and Supported in the USA.

American made quality equipment and  
superior customer service.

Where superior duct work begins.

VICON is the industry leader for complete automation of the duct fabrication process. VICON offers patented features and innovative solutions to meet your manufacturing needs. 100% designed, manufactured and supported in the U.S.A., the state-of-the art machinery combines accuracy and speed, while reducing manufacturing cost and material waste.

**Coil Spool Assembly**  
US Patent #7,673,915

**Optional Coil Line  
Plasma Cutting**  
US Patent #9,393,638 &  
#9,731,376

**Optional Four Position  
Insulation Holder**  
US Patent #7,926,757

**Heavy Duty  
Liner Shearing**  
US Patent #9,981,399 B2
