

100% Designed, Engineered, Manufactured
and Supported in the USA.

American made quality equipment and
superior customer service.

Where superior duct work begins.

The VICON Pittsburgh Seam Closer reliably closes the Pittsburgh seam on ductwork ranging from 16 – 26 gauge and 12” to 60” in length. The heavy-duty “Single V” forming roll closes the Pittsburgh seam from either side, eliminating the need to turn the duct section over to align the Pittsburgh edge with the forming wheels thus saving time and labor.

VICON Pittsburgh Seam Closer

Model V-PSC-V516

- 16 to 26 gauge mild steel capacity
- 12” to 60” duct length
- “Single V” Forming Roll with heavy duty bearings and shafts will close the Pittsburgh seam from either side eliminating the need to turn duct section over to align the Pittsburgh edge with the forming wheels
- Grease fittings on the forming roll for longevity
- Counter balanced top clamp head for easy set-up (no tools required)
- Large, heavy-duty removable clamp pads for easy clean up of duct sealant
- Large, heavy-duty roller chain drive (no cables)
- Easy operation with manual or automatic Push Button Control
- Hydraulic Power Unit (not shown)
- 3 HP Motor (Single or 3-Phase Voltage)
